

FAXport

Saving Money With FAXport - IP Fax Messaging System

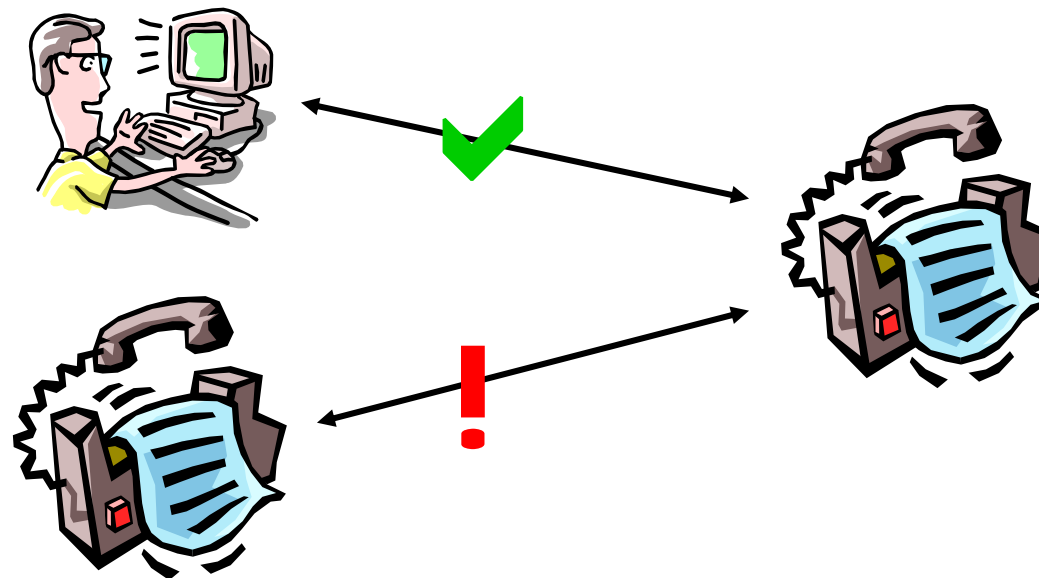

UniPort Ltd.

May 2005

The popular Fax server that integrates seamlessly with the enterprise e-mail system, and with back-office application (as, ERP, CRM, and financial applications). FAXport is a feature-rich technology that provides economical network faxing capabilities and improved productivity, eliminating the need for dedicated fax machines and phone lines.

Faxing from Fax Machine Vs Fax Server

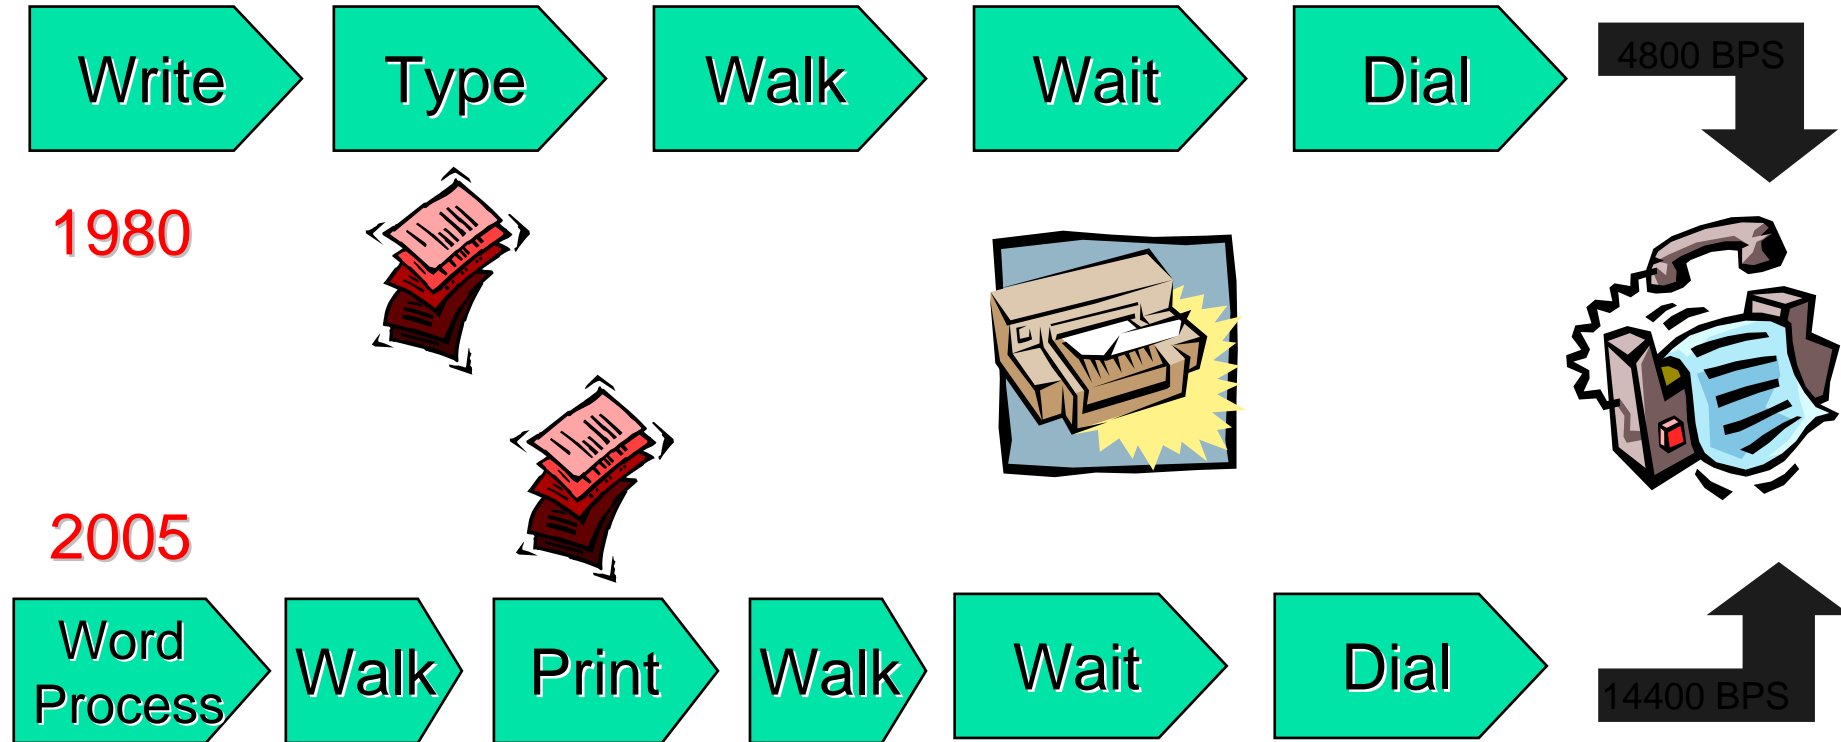

faxing via Fax Server is significantly beneficial to the user and the organization, than faxing via Fax Machines !

Outbound Faxing

Fax Sending Hasn't Changed For Most People

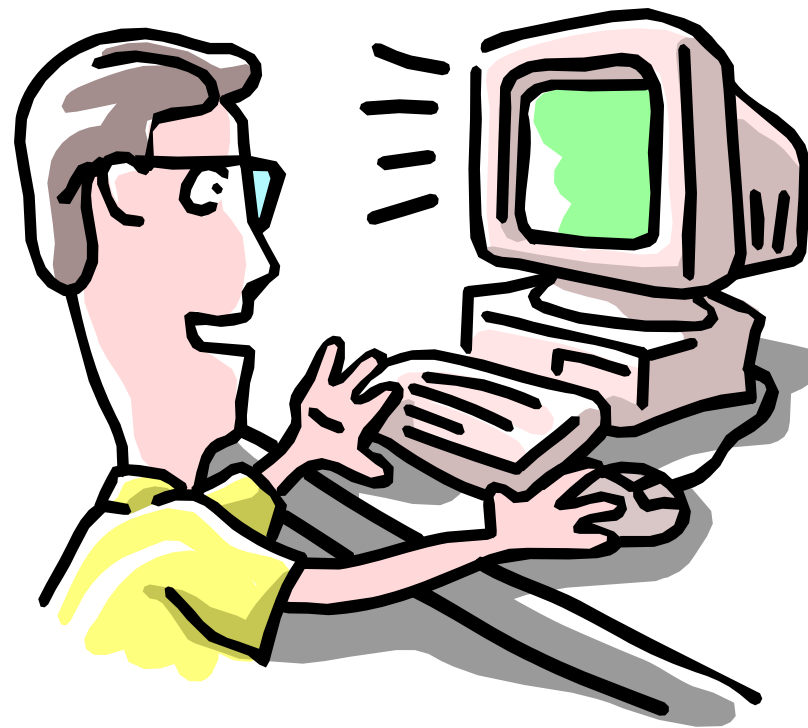

Though Document Creation Obviously Has

1980

2005

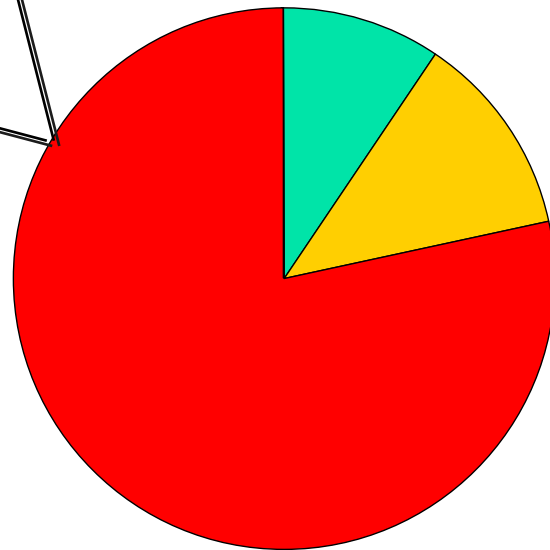

Faxing from Fax Machines is among the most labor intensive processes in the office today

Fax Cost = \$1.71

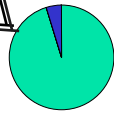

Telecom Cost: \$0.09

Fax Consumables: \$0.12

Labor Cost: \$1.50

Originating Faxes from Computers Reduces the Total Costs of Faxing Significantly

Fax Cost = **\$0.10**

Telecom Cost: **\$0.09**

Cost of Fax Server: **\$0.01**

Fax Consumables: **\$0** (was **\$0.12**)

Labor Cost: **\$0** (was **\$1.50**)

Outbound Faxing

Fax Machine Vs Fax Server

Fax Machine

- High Labor cost (Print, Walk, Wait)
- Consumables cost (Paper & Toner)
- Availability (Paper Jams, etc.)
- Dedicated Phone line for each fax
- Hard to Manage & Control
- Paper Filing

Fax Server

- ✓ Sending a fax – as Printing
- ✓ No Consumable cost
- ✓ Fax is Always Available
- ✓ All Phone lines on One Server
- ✓ Advanced Management tools
- ✓ Electronic Archiving

Inbound

Faxing

Inbound Fax Routing

FAXport routes incoming faxes directly to the recipients' desktops, as e-mail. This allows the user to get secure faxes anywhere, anytime, any place, and on any device.

The Benefits to the User are tremendous.

Inbound Fax Benefits (1)

- ✓ **Availability** The fax is never busy.
- ✓ **Immediacy** The fax arrives with no delays.
- ✓ **Convenience** The fax arrives to the user's desktop.
- ✓ **Privacy** The fax will be seen only by the recipient.
- ✓ **Efficiency** No need to search for lost faxes...
- ✓ **Fax Forward** Faxes can be forwarded as e-mail

Inbound Fax Benefits (2)

- ✓ **Location Independent** Inbound faxes can be read anywhere – as e-mail.
- ✓ **Savings** No need for paper, toner, special fax lines.
- ✓ **Electronic Archiving** Faxes can be archived as electronic document
- ✓ **Free Fax Machines** Existing fax machines are less busy.
